(16) The proposal is to purchase 4 acres of private land at an estimated cost of Rs 250 per acre (exclusive of the statutory allowance of 15%) and make a free gift of it to the Association for moral and social hygiene for the construction of the Ashram etc. The purchase of the land is thus incidental to the construction of the building and before sanctioning the present proposal, it is necessary to ascertain (1) the estimated cost of the building, (2) how it will be financed, (3) Whether the Association has got the necessary funds, and (4) amount of Government grant if any admissible and proposed to be granted, and (5) source from which the Government grant will be met etc. The cost of the land should form part of the cost of the building and should be financed by the Association and the payment of a grant by Government separately considered, with reference to the financial position of the State and the various demands on Government, in the order of urgency.

The proposal cannot be regarded as emergent and not deferrable till the next year and it may be noted for consideration at next Budget time along with it and in the meantime the information referred to above obtained.

(19) I agree with Mr Jui Secy that the question of acquiring this land should be considered along with that of financing the scheme as a whole. For the construction of a building, purchase of a site etc the Association would require about Rs 40,000. One fourth of this amount (Rs 10,000) may be given as a grant by Govt, if the Association is able raise the balance of the amount by private subscriptions. May be submitted to the Dewan.

It will greatly facilitate our appeal if we can inform our upporters that a portion of land has been granted us free by Governme or the building of this Ashram.

I therefore request that the portion of grannd already entioned or another portion in the near neighbourhood be given to us ree of cost by Goverrment on which we may base our appeal to the ublic, and that this grant be not combined with the matter of a rant towards the building of the Ashram.

Dear Sir,

In continuing correspondence with regard to the site of the Ashram mun under the Association for Moral and Social Hygiene, Governmen has suggested that the first site proposed, part of plot 33 on the Bannerghatta Road may be too near the main roads and that a plot further down the road may be more suitable for our purpose.

As the Association is anxious to obtain public financial help for the Ashram buildings immediately, it would be of great assistance if the proposed site could be defined.

Part of No 33 plot still seems to us to be the most desirable situation as a high wall would be necessary in any case around the building. but failing this Plot No 35 would also be acceptable.

Anticipating an early reply defining the site

Yours truly,

M Pillidge

The site selected for the building is the one facing Bannerghatta Road at the junction of Bangalore-Hosur and Bangalore Bannerghatta Roads just beyond the New Mental Hospital. This is a private agricultural land at present. Of this an extent of about 4 acres which should suffice for the Institution will have to be acquired.
